Dear Patients,

We are pleased to announce that **Carlisle Pharmacy will remain open** at our current location to continue serving the Carlisle community and surrounding area.

We are also thrilled to announce that we will be opening a **second new location** in Waterdown in the **Spring of 2024**. It will be within the same building as the **Carlisle Medical Centre's new location**. Currently, the new facility is being built and will be located at **105 Clappison Avenue (off of Parkside)**

Starting in the **Spring of 2024**, our patients will have the option to get their medications in Waterdown or right here in Carlisle as they always have.

Please contact us if you have any questions or concerns.

Sincerely,

Sherif Iskander, Pharm.D.  
Carlisle Pharmacy Owner
